WARNING

Snorkeling, Skin and scuba diving have inherent risks which may result in serious injury or death. I understand that past or present medical conditions may be contraindicative to my participation in any of these activities. I affirm that I am not currently suffering from a cold or congestion or have an ear infection. I affirm that I do not have a history of seizures, dizziness or fainting, nor a history of heart condition (e.g. cardiovascular disease, angina, heart attack). I further affirm that I do not have a history of respiratory problems such as emphysema or tuberculosis. I affirm that I am not currently taking medication that carries a warning about any impairment of my physical or mental abilities.

Diving with compressed air involves certain inherent risks; decompression sickness, embolism or other hyperbaric injury can occur that require treatment in a recompression chamber. In addition, during boat travel to- and from dive sites, you should follow all safety instructions from the captain / crew members and take care while getting on or off the boat and while on board, to avoid slipping, falling, drowning or any other injury.
